#### 2. Hazard(s) identification

| z. nazaru(s) identification                  |  |
|--|--|
| Physical hazards                             | Not classified.  |
| Health hazards                               | Not classified.  |
| Environmental hazards                        | Not classified.  |
| OSHA defined hazards                         | Not classified.  |
| Label elements                               |  |
| Hazard symbol                                | None.  |
| Signal word                                  | None.  |
| Hazard statement                             | Not available.   |
| Precautionary statement                      |  |
| Prevention                                   | Not available.   |
| Response                                     | Not available.   |
| Storage                                      | Not available.   |
| Disposal                                     | Not available.   |
| Hazard(s) not otherwise<br>classified (HNOC) | Carbon black is classified by the IARC as a Group 2B carcinogen (the substance is possibly carcinogenic to humans). Carbon black in this preparation, due to its bound form, does not present this carcinogenic risk. None of the other ingredients in this preparation are classified as carcinogens according to ACGIH, EU, IARC, MAK, NTP or OSHA.<br>Potential routes of overexposure to this product are skin and eye contact.<br>Inhalation of vapor and ingestion are not expected to be significant routes of exposure for this product under normal use conditions. Complete toxicity data are not available for this specific formulation. |
| GHS Supplemental information                 | This product is not classified as hazardous according to OSHA CFR 1910.1200 (HazCom 2012).   |

### 3. Composition/information on ingredients

| Chemical name   | Common name and synonyms  | CAS number                 | %                    |  |
|---|---|----------------------------|----------------------|--|
| Water   |   | 7732-18-5                  | 70-90                |  |
| Hydroxy alkylated lactam*   |   | Proprietary*               | <7.5                 |  |
| Black Pigment*  |   | <5                         |                      |  |
| Composition comments  | This ink supply contains an aqueous ink formulation.<br>This product has been evaluated using criteria specified in 29 CFR 1910.1200 (Hazard<br>Communication Standard).<br>Carbon black is present only in a bound form in this preparation. |                            |                      |  |
|   | *Proprietary  |                            |                      |  |
| 4. First-aid measures   |   |                            |                      |  |
| Inhalation  | Move to fresh air. If symptoms persist, get me  | dical attention.           |                      |  |
| Skin contact  | Wash affected areas thoroughly with mild soap attention.  | p and water. If irritation | persists get medical |  |
| Eye contact   | Do not rub eyes. Immediately flush with large amounts of clean, warm water (low pressure) for al least 15 minutes or until particles are removed. If irritation persists get medical attention.   |                            |                      |  |
| Ingestion   | If ingestion of a large amount does occur, see  | k medical attention.       |                      |  |
| Most important<br>symptoms/effects, acute and<br>delayed                  | Not available.  |                            |                      |  |
| 5. Fire-fighting measures   |   |                            |                      |  |
| Suitable extinguishing media  | CO2, water, dry chemical, or foam   |                            |                      |  |
| Unsuitable extinguishing<br>media   | None known.   |                            |                      |  |
| Specific hazards arising from the chemical                                | None known.   |                            |                      |  |
| Special protective equipment and precautions for firefighters             | Not available.  |                            |                      |  |
| Specific methods  | None established.   |                            |                      |  |
| 6. Accidental release mea   | sures   |                            |                      |  |
| Personal precautions,<br>protective equipment and<br>emergency procedures | Wear appropriate personal protective equipme  | ent.                       |                      |  |
| Methods and materials for<br>containment and cleaning up                  | Dike the spilled material, where this is possible. Absorb with inert absorbent such as dry clay, sa<br>or diatomaceous earth, commercial sorbents, or recover using pumps.  |                            |                      |  |
| Environmental precautions   | Do not let product enter drains. Do not flush in  | to surface water or sar    | nitary sewer system. |  |
| 7. Handling and storage   |   |                            |                      |  |
| Precautions for safe handling   | Avoid contact with skin, eyes and clothing.   |                            |                      |  |
| Conditions for safe storage, including any incompatibilities              | Keep out of the reach of children. Keep away  | from excessive heat or     | cold.                |  |
| 8. Exposure controls/pers   | onal protection   |                            |                      |  |
| Occupational exposure limits  |   |                            |                      |  |

| Other                               | Not available.   |  |
| <b>Respiratory protection</b>       | Not available.   |  |
| Thermal hazards                     | Not available.   |  |
| General hygiene<br>considerations   | Handle in accordance with good industrial hygiene and safety practice. |  |

# 9. Physical and chemical properties

| Appearance                                 |   |
|--|---|
| Physical state                             | Liquid.   |
| Form                                       | Liquid.   |
| Color                                      | Black.  |
| Odor                                       | Not available.  |
| Odor threshold                             | Not available.  |
| рН   | 7 - 8   |
| Melting point/freezing point               | Not available.  |
| Initial boiling point and boiling          | Not determined  |
| range                                      | > 200.0 °F (> 02.2 °C) Develop Mertene Cleased Cur        |
| Flash point                                | > 200.0 °F (> 93.3 °C) Pensky-Martens Closed Cup          |
| Evaporation rate                           | Not determined  |
| Flammability (solid, gas)                  | Not available.  |
| Upper/lower flammability or exp            |   |
| Flammability limit - lower<br>(%)          | Not determined  |
| Flammability limit - upper<br>(%)          | Not available.  |
| Explosive limit - lower (%)                | Not available.  |
| Explosive limit - upper (%)                | Not available.  |
| Vapor pressure                             | Not determined  |
| Vapor density                              | >= 1 (air = 1.0)  |
| Solubility(ies)                            |   |
| Solubility (water)                         | Soluble in water  |
| Partition coefficient<br>(n-octanol/water) | Not available.  |
| Auto-ignition temperature                  | Not available.  |
| Decomposition temperature                  | Not available.  |
| Viscosity                                  | >= 2 cp   |
| Other information                          | For other VOC regulatory data/information see Section 15. |
| Oxidizing properties                       | Not determined  |
| voc  | < 146 g/l   |
|  |   |

# 10. Stability and reactivity

| Reactivity                            | Not available.                               |
|---------------------------------------|--|
| Chemical stability                    | Stable under recommended storage conditions. |
| Possibility of hazardous<br>reactions | Will not occur.                              |
| Conditions to avoid                   | Not available.                               |

Material name: F6U62Series

#### 11. Toxicological information

#### Information on likely routes of exposure

| Inhalation   | Under normal conditions of intended use, this material is not expected to be an inhalation hazard. |
|--|--|
| Skin contact   | Contact with skin may result in mild irritation.   |
| Eye contact  | Contact with eyes may result in mild irritation.   |
| Ingestion  | Health injuries are not known or expected under normal use.  |
| Symptoms related to the<br>physical, chemical and<br>toxicological characteristics | Not available.   |

#### Information on toxicological effects

Acute toxicity Based on available data, the classification criteria are not met.

| Components   | Species   | Test Results   |
|--|---|--|
| Black Pigment                                      | -   |  |
| Acute  |   |  |
| Oral   |   |  |
| LD50   | Rat   | > 10000 mg/kg  |
| Skin corrosion/irritation                          | Based on available data, th   | e classification criteria are not met.   |
| Serious eye damage/eye<br>irritation               | Based on available data, th<br>Not classified as an irritant a  | e classification criteria are not met.<br>according to, OECD 405.  |
| Respiratory or skin sensitizatio                   | n   |  |
| <b>Respiratory sensitization</b>                   | Based on available data, th   | e classification criteria are not met.   |
| Skin sensitization                                 | Based on available data, th   | e classification criteria are not met.   |
| Germ cell mutagenicity                             | Based on available data, th   | e classification criteria are not met.   |
| Carcinogenicity                                    | Based on available data, th   | e classification criteria are not met.   |
|  | 2B) and by the State of Call<br>organizations indicate that e<br>bound within a product mat<br>bound form in this preparati | s a carcinogen by the IARC (possibly carcinogenic to humans, Group<br>fornia under Proposition 65. In their evaluations of carbon black, both<br>exposure to carbon black, per se, does not occur when it remains<br>rix, specifically, rubber, ink, or paint. Carbon black is present only in a<br>on. None of the other ingredients in this preparation are classified as<br>CGIH, EU, IARC, MAK, NTP or OSHA. |
