

## Safety Data Sheet (SDS)

Report No.: AGC06260104301-002

Date: Jan. 04, 2026

Page 1 of 9

Applicant: Wuhan Wei & Wen International Trading Co., Ltd  
Address: Rm 908, Unit 5, Oceanwide International SOHO, No.297, Huaihai Road, Wuhan 430024, China

Report on the submitted samples said to be:

Sample Name : HOT AND COLD PACK  
Sample model: 69209  
Sample Receiving Date DEC. 26, 2025  
Testing Period DEC. 29, 2025 to DEC. 31, 2025

### Request:

As specified by the client, to edit Safety Data Sheet (SDS) for the sample with submitted composition, the contents and formats of the SDS are prepared in accordance with EU regulation (EC) No 1907/2006, (EC) No 1272/2008 and (EU)2015/830

**Remark:** The SDS is prepared based on the information provided by client.

Liliyeh Lewis  
Technical Director

The results shown in this report are for only the sample(s) tested unless otherwise specified and the sample(s) are retained for 30 days only. The document is issued by AGC. This report cannot be reproduced except in full with our prior written permission. The more details and the authenticity of the report will be at <http://www.agc-cert.com>.

## Section 1: Chemical product and company identification

### Product identifier

Product name:

Product model: HOT AND COLD PACK  
69209

Relevant identified uses of the substance or mixture and uses advised against:

Recommended Use: Hot and Cold Therapy

Uses advised against: No information available

Details of the supplier

Company Name: Wuhan Wei & Wen International Trading Co., Ltd

Company Address: Rm. 908, Unit 5, Oceanwide International SOHO, No. 297, Huaihai Road, Wuhan,  
430024, China

Emergency telephone number

Contact Person: Ashley Wu

Tel: 86-027-85500661

Fax: 86-27-85500663

Email: washley@weiwunbros.com

## Section 2: Hazards identification

Classification of the substance or mixture

Classification according to Regulation (EC) No. 1272/2008: Not classified

Label elements:

Symbols: Not applicable

Signal word: Not applicable

Hazard Statements: Not applicable

Precautionary Statements: Not applicable

2.3 Other hazards: No information available

The results shown in this report are only for reference. The sample(s) tested are not for sale and the sample(s) are retained for 30 days only. The document is issued by AGC and can not be reproduced except in full with our prior written permission. The more detailed information of the report will be provided in the report.

## Section 3 :Composition/information on ingredient

### Pure O MiEture

Composition:

| Chemical Name | In % by weight | cAs No.   | EC No.    | Molecular Formula |
|---------------|----------------|-----------|-----------|-------------------|
| Water         | 70%            | 7732-18-5 | 231-791-2 | HCO               |
| Glycerin      | 25%            | 56-81-5   | 200-289-5 | C,HtO,            |
| Polyacrylate  | 5%             | 9003-04-7 | 618-349-8 | (CMH NaOi)n       |

**Remark:** CAS: Chemical Abstract Service Registry Number  
EC: European Inventory of Existing Commercial chemical Substances  
“-”: No data available.

## Section 4: First-aid measures

### Description of first aid measure

**Skin touch:** Remove contaminated clothing immediately and wash skin with soap and water for at least 15 minutes

**Eyes touch:** Make sure to remove any contact lenses from the eyes before rinsing. Immediately flush with plenty of water or eyewash solution for up to 15 minutes Get medical attention if any discomfort continues.

**Inhalation:** Move into fresh air and keep at rest Get medical attention if any discomfort continues.

**Ingestion:** If the patient is conscious, give 2-4 full cups of milk or water and get medical attention immediately.

### Most important symptoms and effects, both acute and delayed

**General information:** The severity of the symptoms described will vary dependant of the concentration and the length of exposure

**Inhalation:** No information available.

**Ingestion:** No information available

**Skin contact:** No information available

**Eye contact:** No information available

### 4.3 Indication of any immediate medical attention and special treatment needed:

The results shown in this document refer only to the sample(s) tested unless otherwise stated and the sample(s) are retained for 30 days only. The document is issued by AGC this month and no I be produced except in full with our prior written permission. The more details and the authenticity of the report will be

# No.18 C

Tel: +86-755 8358 3833 Fax: +86-755 2 531 6612 E-mail: agco1e agc-cert.com 0 400 089 2118  
Add: Building 2, No.17 1, Meihua Road, Shangmeilin, Futian District, Shenzhen, Guangdong China

Page 4 of 9

No recommendation given, but first aid may still be required in case of accidental exposure, inhalation or ingestion of this chemical. If in doubt, get medical attention promptly.

## Section 5: Fire-fighting measure

**E**Extinguishing media

**Suitable** eExtinguishing media:

Extinguish with alcohol-resistant foam, carbon dioxide or dry powder.  
Do not use water jet as an extinguisher, as this will spread the fire.

**Unsuitable** eExtinguishing media:

Special hazards arising from the substance or mixture

**Hazardous combustion** products:

Thermal decomposition may liberate carbon oxides and other toxic gases or vapours

**Unusual Fire & Explosion** Hazards:

No information available

**Specific** hazards:

No information available

**Advice** for firefighters

**Special Fire Fighting Procedures:**

Avoid breathing fire vapours NOTE! Use air-supplied respirators to protect against gases/fumes.

**Protective equipment** for fire-fighters:

Wear full protective clothing

## Section 6: Accidental release measures

**Personal precautions, protective equipment and emergency procedures**

Use protective gloves, goggles and suitable protective clothing. In case of inadequate ventilation, use respiratory protection. Avoid contact with skin and eyes. Provide adequate ventilation.

**Environmental precautions**

Do not discharge onto the ground or into water courses. To prevent release, place container with damaged side up. Contain spillages with sand, earth or any suitable adsorbent material. Collect and dispose of spillage as indicated in section 13. Spillages or uncontrolled discharges into watercourses must be IMMEDIATELY alerted to the Environmental Agency or other appropriate regulatory body.

**Methods and material for containment and cleaning up**

Wear necessary protective equipment. Stop leak if possible without risk. Wash thoroughly after dealing with a spillage. Absorb in vermiculite, dry sand or earth and place into containers. Containers with collected spillage must be properly labelled with correct contents and hazard symbol. Flush area clean with lots of water.

The results shown in this document refer only to the sample(s) tested unless otherwise stated and the sample(s) are retained for 30 days only. The document is issued by AGC this month and no further production except in full with our prior written permission. The more details and the authenticity of the report will be

## Section 7: Handling and storage

**Handling attention:** Supply with natural air exhaust. The operating staff must have received special training and abide by the operating regulations. It is required that the staff should wear work clothes and gloves. Keep away from fire and heating sources. No smoking in the workplace. Avoid contacting with oxidizers Equip with relevant types and quantities of extinguishment instruments and device for divulgence handling Take care when transport, prevent damaging the packing and container

**Storage attention:** Keep the sample in the cool, dry and well-ventilated place Keep away from fire and heating sources. Keep separately from oxidizers , no mixing storage. Keep container seal, the storage place should be equipped with suitable shelter materials for divulgence handling

## Section 8: Exposure controls and personal protection

### Control parameters

| Chemical Name              | ACGIH TLV | OSHA PEL              | NIOSH REL |
|----------------------------|-----------|-----------------------|-----------|
| Glycerol (CAS No.:56-81-5) |           | TWA: 15 mg/m' (total) |           |

### Exposure controls

#### Engineering measures :

Use with local exhaust ventilation. Ensure adequate ventilation, especially in confined areas

#### Personal protective equipment:

Eye/face protection: Wear safety glasses with side shields (or goggles) if necessary.

Hand Protection: Wear protective gloves.

Skin and body protection: Suitable protective clothing

Respiratory protection: In case of insufficient ventilation, wear suitable respiratory equipment.

#### Environmental exposure controls:

Control measures must comply with environmental regulations

The results shown in this document refer only to the sample(s) tested unless otherwise specified and the sample(s) are valid for 30 days only. The document is issued by AGC this month and no longer produced except in full with our prior written permission. The more details and the authenticity of the report will be

## Section 11: Toxicological information

Acute toxicity:

Based on available data, the classification criteria are not met

**Skin irritation/corrosion:**

Based on available data, the classification criteria are not met

Eye damage/irritation:

Based on available data, the classification criteria are not met

Respiratory or skin sensitization:

Based on available data, the classification criteria are not met

**Reproductive cell mutagenicity:**

Based on available data, the classification criteria are not met

**Carcinogenicity:**

Based on available data, the classification criteria are not met

**Reproductive toxicity:**

Based on available data, the classification criteria are not met

Specific target **organ toxicity** — single exposure:

Based on available data, the classification criteria are not met

**Specific target organ toxicity** — repeated exposure:

Based on available data, the classification criteria are not met

**Aspiration hazard:**

Based on available data, the classification criteria are not met

## Section 12: Ecological Information

ECOTOXICITY:

No information available

Persistence and degradability:

No information available

Bioaccumulative potential:

No information available

Mobility in soil:

No information available

## Section 13: Disposal considerations

### 13.1. Waste treatment methods

Waste from residues/unused products:

Do not allow runoff to sewer, waterway or ground. Dispose of waste and residues in accordance with local authority requirements.

**Contaminated packaging:**

Disposal should be in accordance with applicable regional, national and local laws and regulations.

The results shown in this document are for reference only. They are not intended to be used as a basis for legal action. The results are valid for 30 days only. The document is issued by AGC. This report is not to be reproduced or used in any manner without the prior written permission of AGC. The more details and the authenticity of the report will be

### Section 14: Transport information

UN number: Not regulated  
UN proper shipping name: Not regulated  
UN Classification [Transport hazard class(es)]: Not regulated  
Packing group: Not regulated  
Marine pollutant (Y/N): N  
Transport in bulk according to MARPOL 73/78, AnneE II, and the IBC Code: Not applicable  
Maritime transport IMDG:  
IMDG Class: non-dangerous  
UN Number: non-dangerous  
Marine pollutant: NO

Special precautions:

Before transporting, check whether the packaging container is complete and sealed. During transportation, ensure that the container does not leak, fall or damage. When transporting, it should be equipped with the corresponding variety and quantity of fire-fighting equipment and leakage emergency treatment equipment. During transportation, it should be protected from exposure, rain, high temperature and away from fire.
