# Safety Data Sheet

<b>SDS #</b> : A-1033	Toner -Black		
Issuing Date 2006-08-28	Revision Date 2012-01-13	Version 1	
1. Product and Company I	dentification		
Trade Name: Toner	for Phaser 3300 MFP, Phaser 342 WorkCentre 3550, Phaser 363 WorkCentre 3315, WorkCentre	5 MFP, Phaser 3320,	
108R00795, 108R00796, 106	1412, 106R01245, 106R01246, 108R00792, 1 R01415, 106R01414, 106R01527, 106R01528 R02305, 106R02306, 106R02307, 106R02308 R02313	3, 106R01529, 106R01530,	
Color Pure substance/preparation	Black Preparation		
Identified uses	Xerographic printing		
Manufactured by:	Xerox Corporation Webster, NY 14580		
Emergency telephone	Safety Information (800)828-6571 Health Emergency (585)422-2177 Chemical Emergency only (Chemtrec) (800)424-9300 or (703)527-3887 (collect outside the US or Canada)		
2. Hazards Identification			
The product contains no substar	Emergency Overview nces which, in the form utilized and at their given co hazardous to health.	ncentrations, are considered to be	
<b>Color</b> Black	AppearancePhysical statePowderSolid	<b>Odor</b> Faint	
Potential Health Effects Principle Routes of Exposure Acute toxicity Eyes Skin Inhalation Ingestion Chronic effects Chronic toxicity	Inhalation No known effect No known effect No known effect No known effect No known effects under normal use conditions. Repea cause irritation of the respiratory tract as can occur wi dust. Minimum respiratory or eye irritation may occur a any non-toxic dust	th the inhalation of any non- toxic	

SUDG	#	A-1033
000	π	A-1000

**Toner -Black** 

Page 2/8

Main symptoms	Overexposure may cause:
	mild
	respiratory irritation
	similar to nuisance dust
Aggravated Medical Conditions	None under normal use conditions
Environmental hazard	See Section 12 for additional Ecological Information.

Risk Phrases

None required

3. Composition/Information on Ingredients

Chemical Name	CAS-No	Weight %
Polyester resin	Proprietary	>80
Carbon Black	1333-86-4	<10
Additives	Proprietary	<5

4. First Aid Measures	
General advice	For external use only. When symptoms persist or in all cases of doubt seek medical advice. Show this material safety data sheet to the doctor in attendance.
Eye contact	Immediately flush with plenty of water. After initial flushing, remove any contact lenses and continue flushing for at least 15 minutes
Skin contact	Wash skin with soap and water
Inhalation	Move to fresh air
Ingestion	Rinse mouth with water and afterwards drink plenty of water or milk
Notes to physician	Treat symptomatically
Protection of first-aiders	No special protective equipment required.

# 5. Fire-Fighting Measures

Flammable properties	Not flammable. Will not readily ignite.
Flash point	not applicable
Suitable extinguishing media	Use water spray or fog; do not use straight streams, Foam
Unsuitable extinguishing media	Do not use a solid water stream as it may scatter and spread fire
Hazardous combustion products	Hazardous decomposition products due to incomplete combustion, Carbon oxides, Nitrogen oxides (NOx)
Explosion Data Sensitivity to Mechanical Impact Sensitivity to Static Discharge	Not impact sensitive Fine dust dispersed in air, in sufficient concentrations, and in the presence of an ignition source is a potential dust explosion hazard.

#### Specific hazards arising from the chemical

Fine dust dispersed in air, in sufficient concentrations, and in the presence of an ignition source is a potential dust explosion hazard.

## **Protective Equipment and Precautions for Firefighters**

In the event of fire and/or explosion do not breathe fumes. Wear fire/flame resistant/retardant clothing. Use self-contained pressure-demand breathing apparatus if needed to prevent exposure to smoke or airborne toxins.

NFPA 704 Consumer use	Health Hazard	Flammability	Stability 0	Special hazard None	
Bulk packages	0	Flammability 3	Stability 0	Special hazard None	
6. Accidental Release	Measures				
Personal Precautions	Avoid breathi	Avoid breathing dust.			
Environmental Precautions	Refer to prote	Refer to protective measures listed in Sections 7 and 8.			
Methods for containment	Prevent dust	Prevent dust cloud			
Methods for cleaning up		Prevent dust cloud. Sweep up or vacuum up spillage and collect in suitable container for disposal. Use non-sparking tools and equipment.			
Other Information	See Section	See Section 12 for additional information.			
7. Handling and Stora	ge				
Advice on safe handling		Handle in accordance with good industrial hygiene and safety practice Prevent dust cloud			
Technical measures/Storage conditions		Keep container tightly closed in a dry and well-ventilated place Store at room temperature			
Hygiene measures	None under r	None under normal use condtions			
Industrial User	Wash hands Wash hands	Do not eat, drink or smoke when using this product Wash hands before eating, drinking, chewing gum, using tobacco, or using toilet Wash hands before breaks and at the end of workday Provide regular cleaning of equipment, work area and clothing.			

# 8. Exposure Controls/Personal Protection

### Exposure guidelines Product information

ACGIH TLV TWA	10 mg/m <sup>er 3</sup> (inhalable particles)
ACGIH TLV TWA	3 mg/m <sup>er 3</sup> (respirable dust)
OSHA PEL TWA	15 mg/m <sup>er 3</sup> (total dust)
OSHA PEL TWA	5 mg/m <sup>er 3</sup> (respirable dust)

## **SDS # :** A-1033

**Toner -Black** 

Xerox Exposure Limit	2.5 mg/m <sup>er 3</sup> (total dust)
Xerox Exposure Limit	0.4 mg/m <sup>er 3</sup> (respirable dust)
(),	

#### Other Information

The results obtained from a Xerox sponsored Chronic Toner Inhalation Study demonstrated no lung changes in rats for the lowest (1mg/m<sup>er 3</sup>) exposure level (the level most relevant to potential human exposure). A very slight degree of fibrosis was noted in 25% of animals at the middle (4mg/m<sup>er 3</sup>) exposure level, while a slight degree of fibrosis was noted in all the animals at the highest (16mg/m<sup>er 3</sup>) exposure level. These findings are attributed to "lung overloading", a generic response to excessive amounts of any dust retained in the lungs for a prolonged period. This study was conducted using a special test toner to comply with an EPA testing protocol.

#### **Biological standards**

This product, as supplied, does not contain any hazardous materials with biological limits established by the region specific regulatory bodies

#### **Occupational Exposure Controls**

Engineering measures	None under normal use conditions.
Industrial use	Avoid dust formation Ensure all equipment is electrically grounded before beginning transfer operations Provide appropriate exhaust ventilation at places where dust is formed

# Personal Protective Equipment

Consumer use	These recommendations apply to the product as supplied
Respiratory protection	No special protective equipment required.
Eye/Face protection	No special protective equipment required.
Skin and body protection	No special protective equipment required.
Hand protection	No special protective equipment required
Industrial use	In case of insufficient ventilation: Wear protective eyewear (goggles) Effective dust mask

## Toner -Black

Page 6/8

Main symptoms	mild respiratory	sure may cause: irritation nuisance dust	
Aggravated Medical Conditions	None under normal use conditions See "Other Information" in this section.		
Carcinogenicity			
Chemical Name		IARC	NTP
Carbon Black		2B	
Other toxic effects			
Product information			
Sensitization No sens		zation responses were observed	
Mutagenic effects Not mutag		enic in AMES Test	
Target organ effects	None knov	vn.	
Other adverse effects Aspiration Hazard	None known not applicable		

#### Other information

The IARC (International Agency for Research on Cancer) has listed carbon black as "possibly carcinogenic to humans". The classification is based on studies evaluating pure, "free" carbon black. In contrast, toner is a formulation composed of specially prepared polymer and a small amount of carbon black (or other pigment). In the process of making toner, the small amount of carbon black becomes encapsulated within a matrix. Xerox has performed extensive testing of toner, including a chronic bioassay (test for potential carcinogenicity). Exposure to toner did not produce evidence of cancer in exposed animals. The results were submitted to regulatory agencies and published extensively.

#### 12. Ecological Information

#### Ecotoxicity

The environmental impact of this product has not been fully investigated. However, this preparation is not expected to present significant adverse environmental effects.

13. Disposal Considerations		
Waste Disposal Methods	This material, as supplied, is not a hazardous waste according to Federal regulations (40 CFR 261). This material could become a hazardous waste if it is mixed with or otherwise comes in contact with a hazardous waste, if chemical additions are made to this material, or if the material is processed or otherwise altered. Consult 40 CFR 261 to determine whether the altered material is a hazardous waste. Consult the appropriate state, regional, or local regulations for additional requirements	
Contaminated packaging	Dispose of in accordance with local regulations.	
14. Transport Informatio	วท	

#### Note

This material is not subject to regulation as a hazardous material for shipping.

## 15. Regulatory Information

**SDS # :** A-1033

Page 7/8

International Inventories	
TSCA	

Complies Complies

#### U.S. Federal Regulations SARA 313

Section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 (SARA). This product does not contain any chemicals which are subject to the reporting requirements of the Act and Title 40 of the Code of Federal Regulations, Part 372. SARA 311/312 Hazard Categories

RA 311/312 Hazard Categories	
Acute Health Hazard	No
Chronic Health Hazard	No
Fire Hazard	No
Sudden Release of Pressure Hazard	No
Reactive Hazard	No

#### **Clean Water Act**

This product is not regulated as a pollutant pursuant to the Clean Water Act (40 CFR 122.21 and 40 CFR 122.42).

Clean Air Act, Section 112 Hazardous Air Pollutants (HAPs) (see 40 CFR 61)

This product is not regulated as a hazardous air pollutant (HAPS) under Section 112 of the Clean Air Act Amendments of 1990. CERCLA

This material, as supplied, does not contain any substances regulated as hazardous substances under the Comprehensive Environmental Response Compensation and Liability Act (CERCLA) (40 CFR 302) or the Superfund Amendments and Reauthorization Act (SARA) (40 CFR 355). There may be specific reporting requirements at the local, regional, or state level pertaining to releases of this material.

#### TSCA

TSCA 12b does not apply to this product.

## **U.S. State Regulations**

#### California Proposition 65

Carbon black is regulated under California Proposition 65 only if in the form of "airborne, unbound particles of respirable size". Toner products do not contain carbon black in the form of "airborne, unbound particles of respirable size". Therefore, the requirements of Proposition 65 do not apply to this product.

	Chemical Name	CAS-No	California Prop. 65
	Carbon Black	1333-86-4	Carcinogen
U.O. Otata Biskt ta Kasan Bandatiana			

# U.S. State Right-to-Know Regulations

Although this product contains substances included in some U.S. State Right-to-Know regulations, the particles are bound in a unique matrix and, therefore, the product does not pose any specific hazard.

#### Canada

This product has been classified in accordance with the hazard criteria of the Controlled Products Regulations (CPR) and the MSDS contains all the information required by the CPR.

WHMIS Hazard Class

Not subject to WHMIS classification
