April 15, 2008

SUBJECT: "Employee Right To Know Act" concerning toxic or hazardous substances.

To Whom It May Concern:

In response to your request for information as it relates to toxic or hazardous substances covered by various Federal and State legislation, commonly referred to as the "Employee Right To Know" acts, C-Line Products, Inc. makes the following statement:

C-Line Products, Inc. has determined that the various products it manufactures and supplies, as articles, do not contain any of the approximately 700 substances identified by OSHA as being toxic or hazardous. Therefore, this letter will serve as formal notice to you, and is to be used in place of individual Material Safety Data Sheets (MSDS) for our products

If the above determination should change due to additions or modifications to our product line, we will notify you accordingly.

Should you have any questions, or require additional information, please contact me.

Sincerely,

Jeffery A. Raschke
Quality Assurance Engineer
