

Powerful carpet extraction and bonnet buffing cleaner formulated to remove your most difficult carpet soils.

Coastwide Professional™ 62 Carpet Cleaner is a safe, versatile, eco-preferable* product that does not sacrifice performance. It is a highly concentrated liquid carpet extraction cleaner that dilutes at one ounce per gallon of cool water in most cleaning situations. Expensive defoamers are not required. The product has its own built-in defoaming properties that effectively clean carpets with heavy shampoo and alkaline buildups.

Features

- Highly concentrated to provide maximum savings
- Use as a carpet cleaner, bonnet buffing cleaner or carpet pre-spray
- Effective on both oil- and water-based carpet soils
- Leaves no sticky or soapy residues to attract soils to carpet fibers
- Versatile formulation cleans carpets and entrance matting while eliminating unwanted odors
- Low odor makes it pleasant to use and reduces local complaints
- Low foaming to prevent recovery tank clogging
- No harsh acids or alkalis, which helps to protect equipment
- Superior detergency to remove toughest of soil
- Safe on all generations of carpets
- Contains no 2-butoxyethanol
- Meets Green Seal™ GS-37 performance standards
- Meets EPA Safer Choice product standards

*Compared to conventional cleaning products.

Usage information

Coastwide Professional™ 62 is formulated to work effectively with cold water. It is recommended that the product be used with cold water to help save energy used to heat water.

1. Remove appropriate furniture and vacuum carpet thoroughly.
2. Pre-spray carpet spots and heavily soiled traffic lanes using an appropriate carpet pre-spray, traffic lane cleaner or carpet spotter.
3. Dispense or mix according to dilution chart.
4. Mix or pour solution into extractor or use for bonnet buffing and clean the carpet according to the machine manufacturer's instructions.
5. Reset the pile by brushing in one direction with a carpet rake or carpet brush.
6. Replace furniture after carpet has dried thoroughly.

Wear protective gloves/protective clothing/eye protection/face protection when handling concentrated product. Wash face, hands and any exposed skin thoroughly after handling. Read and understand SDS and label directions before use. Always follow good industrial hygiene practices when using chemicals. Improper use or improper dilution could result in damage to cleaning surfaces or to personal health. Dispose of product and container in accordance with all applicable federal, state, regional and local regulations.
