

The powerful cleaner for most hard surface cleaning jobs.

With Coastwide Professional™ Power Clean, cleaning professionals are able to clean and degrease using a single concentrate. Dirt and soils are removed, leaving the surface clean and void of unsightly discoloration and residue. Power Clean is also excellent on stainless steel, chrome, Formica®, vinyl, plastic, porcelain, ceramic, quarry, enamel, walls, doors, floors and most washable hard surfaces.

Features

- Concentrated to reduce in-use cost
- Heavy-duty alkaline cleaner and degreaser
- Powerful cleaner-degreaser formulation
- Low foaming to prevent recovery tank clogging
- Outstanding industrial degreaser to remove tough greases, oils and other stubborn spills
- Contains no alkyl-phenol ethoxylates

Order online at coastwideprofessional.com or through your ordering site.

Usage information:

1. Dispense or mix according to dilution chart.
2. Apply solution to surface to be cleaned.
3. Allow Power Clean time to penetrate and disperse the soils.
4. Agitation with a brush or scrubbing pad may speed up the cleaning action.
5. Once soils are loosened, simply wipe away with a cloth or towel.

Wear protective gloves/protective clothing/eye protection/face protection when handling concentrated product. Wash face, hands and any exposed skin thoroughly after handling. Read and understand SDS and label directions before use. Always follow good industrial hygiene practices when using chemicals. Improper use or improper dilution could result in damage to cleaning surfaces or to personal health. Dispose of product and container in accordance with all applicable federal, state, regional and local regulations.

Attributes

Physical form:	Clear, purple liquid
