1 quart yields 0.25 gallons, entire case yields 1.5 gallons

This product contains ingredients with more positive health and environmental characteristics than conventional cleaners. Learn more at epa.gov/saferchoice. EPA/Safer Choice recognition does not constitute endorsement of this product. The Safer Choice logo signifies that the product's formula, as Coastwide Professional has represented it to the EPA, contains ingredients with more positive human health and environmental characteristics than conventional products of the same type. EPA/Safer Choice relies solely on Coastwide Professional, its integrity and good faith, for information on the product's composition, ingredients and attributes. EPA/Safer Choice has not independently identified, that is, via chemical analysis, the ingredients in the product formula, nor evaluated any of Coastwide Professional's non-ingredient claims. EPA/Safer Choice provides its evaluation only as to the product's human health and environmental characteristics, as specified in the Standard and based on currently available information and scientific understanding.

This product meets Green Seal™ Standard GS-8 based on effective performance, minimized/recycled packaging and protective limits on: VOCs and human and environmental toxicity. Learn more at GreenSeal.org.

All plastic containers used in packaging products display the Society of Plastics Industries' 3-side triangular arrow to make recycling easier. The majority of our containers are readily recyclable and classified as 2-HDPE (High-Density Polyethylene) and some contain 25% post-consumer recycled plastic.
