

71 Toilet Cleaner

Fast-acting toilet bowl and urinal cleaner formulated for daily use on your most challenging restroom issues.

Coastwide Professional™ 71 Toilet Cleaner is a ready-to-use product. It is formulated to remove soap scum, urine deposits and other stubborn soils. Unlike harsh acid cleaners, it will not etch or damage toilet, urinal or adjacent surfaces.

Features

- Contains no hydrochloric, phosphoric or hydrofluoric acids
- Thickened to cling to vertical toilet and urinal surfaces
- Removes calcium, magnesium and iron residues
- Instantly removes toilet and urinal soils from inside and outside of toilet and urinal bowls
- Effective on both oil- and water-based soils
- Will not etch toilet and urinal surfaces
- Versatile formulation eliminates unpleasant odors
- Low odor and no lingering or annoying smells
- Add one ounce of SEB71 Toilet and Urinal Cleaner per toilet or urinal fixture
- Meets EPA Safer Choice product standards
- NSF Nonfood Compounds Program Listed (C2)

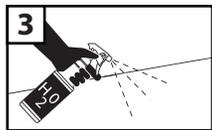

Directions

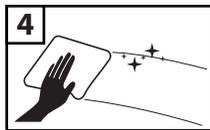

Apply cleaner to surface & let work for 3 minutes.

Clean with toilet brush.

Rinse outside of bowl with clean water.

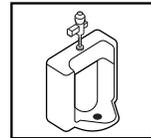

Wipe edges / overspray.

This product contains ingredients with more positive health and environmental characteristics than conventional cleaners. Learn more at epa.gov/saferchoice. EPA/Safer Choice recognition does not constitute endorsement of this product. The Safer Choice logo signifies that the product's formula, as Coastwide Professional has represented it to the EPA, contains ingredients with more positive human health and environmental characteristics than conventional products of the same type. EPA/Safer Choice relies solely on Coastwide Professional, its integrity and good faith, for information on the product's composition, ingredients and attributes. EPA/Safer Choice has not independently identified, that is, via chemical analysis, the ingredients in the product formula, nor evaluated any of Coastwide Professional's non-ingredient claims. EPA/Safer Choice provides its evaluation only as to the product's human health and environmental characteristics, as specified in the Standard and based on currently available information and scientific understanding.

This product meets applicable NSF Nonfood Compound Registration Guidelines for use in non-processing areas of food establishments. Learn more at nsf.com.

All plastic containers used in packaging products display the Society of Plastics Industries' 3-side triangular arrow to make recycling easier. The majority of our containers are readily recyclable and classified as 2-HDPE (High-Density Polyethylene) and some contain 25% post-consumer recycled plastic.
