GRAFFITI REMOVER

Sustainable Earth
By Staples®

Tough graffiti remover formulated with eco-conscious ingredients

PRODUCT DESCRIPTION

Sustainable Earth by Staples® Graffiti Remover 99 (SEB99) is formulated to provide high-performance cleaning power for a variety of applications. Effectively removes graffiti, paints, lacquers, enamels, leather dyes, marker pens, crayons, chewing gum, spray paint, stains, grease, oils and similar types of residues. Contains no ozone-depleting compounds, chlorinated solvents, methylene chloride, acetone, methanol, xylene or toluene. It removes most ink, stencil ink, ballpoint ink, crayon, lipstick, waxes, magic markers, permanent markers and many other forms of graffiti on all hard and soft woods, metals, stone, brick, marble, concrete, plastics and fiberglass (CAUTION: May etch certain types of plastics. Pre-test on plastics before proceeding).

FEATURES

- Instantly removes permanent marker ink
- Reduced toxicity and VOC emissions
- Removes spray paint in minutes
- Will not contribute to ozone depletion
- No acetone, methylene chloride, toluene, methanol, acids or other hazardous solvents
- Rinses thoroughly with a wet sponge or water rinse
- Removes graffiti from automotive and bus surfaces
- Excellent for brick and concrete surfaces

PACKAGE SIZE

Item #	Description	Size	Units Per Case
SEB990032-B	SEB99 Graffiti Remover	Quart	12

Performance Data

Permanent ink removal from glass or porcelain	Excellent
Spray paint removal from glass or porcelain	Excellent
Permanent ink removal from concrete or stone	Excellent
Spray paint removal from concrete or stone	Very good
Permanent ink removal from marble or terrazzo	Excellent
Spray paint removal from marble or terrazzo	Excellent
Permanent ink removal from brick	Very good
Spray paint removal from brick	Very good
Permanent ink removal from metals including aluminum, brass and copper	Excellent
Spray paint removal from metals including aluminum, brass and copper	Excellent
Permanent ink removal from hard wood and soft wood	Very good
Spray paint removal from hard wood and soft wood	Very good
Spray paint removal from plastics	Very good
Spray paint removal from fiberglass	Very good
Chewing gum removal	Excellent

99 Graffiti Remover

Available exclusively from:

STAPLES Advantage

Physical Data

Physical Form: Clear, colorless liquid

Odor: Moderate

pH: N/A (oil-based solution)

Foam Level: Low

Shelf Life: 2 years minimum in unopened container

Freeze/Thaw Stability: Excellent

Solubility in Water: Not soluble in water

Dilution Ratio: Ready-to-use

Usage Information

To remove normal graffiti deposits, spray or apply onto surface to be cleaned. Wipe or rinse away graffiti.

To remove stubborn graffiti deposits, use a bristle brush to agitate graffiti after SEB99 has been applied and dwells for 90 seconds. Then wipe clean. A "scratchless" scrub pad can be used to help remove stubborn graffiti deposits.

For exterior masonry surfaces, wet surface with water, spray on SEB99 and allow it to penetrate and begin to lift the graffiti from the surface. Use medium hard nylon brush to displace and remove the graffiti stain or mark. For rough or porous surfaces, a stiff brush can be useful. For more porous surfaces, utilizing a water rinse or pressure washer can also improve graffiti removal.

Wear eye/face protection when handling product. Wash hands thoroughly after handling. Read and understand SDS and label directions before use. Always follow good industrial hygiene practices when using chemicals.

Improper use or improper dilution could result in damage to cleaning surfaces or to personal health. Dispose of product and container in accordance with all applicable federal, state, regional and local regulations.

About Sustainable Earth by Staples®

Our exclusive eco-preferable* line offers great ways to get the products your business needs and to lessen the impact on the environment. Every Sustainable Earth by Staples® product meets our brand's highest environmental standards.

Plus, like all Staples® brand products, the quality is guaranteed. It's a real win-win for you — and the environment.

*Compared to conventional cleaning products.

Certification Definitions

This product contains ingredients with more positive health and environmental characteristics than conventional cleaners. epa.gov/saferchoice.

EPA/Safer Choice recognition does not constitute endorsement of this product. The Safer Choice logo signifies that the product's formula, as Staples has represented it to the EPA, contains ingredients with more positive human health and environmental characteristics than conventional products of the same type. EPA/Safer Choice relies solely on Staples, its integrity and good faith, for information on the product's composition, ingredients and attributes. EPA/Safer Choice has not independently identified, that is, via chemical analysis, the ingredients in the product formula, nor evaluated any of Staples' non-ingredient claims. EPA/Safer Choice provides its evaluation only as to the product's human health and environmental characteristics, as specified in the Standard and based on currently available information and scientific understanding.

All plastic containers used in packaging products display the Society of Plastics Industries' 3-side triangular arrow to make recycling easier. The majority of our containers are readily recyclable and classified as 2-HDPE (high-Density Polyethylene) and some contain 25% post-consumer recycled plastic.
