

Diamond™

Floor Finish 20% NV Solids

Premium, durable floor finish for use with or without ultra high-speed burnishing.

Item #	Description	Size	Units Per Case
BPR511001-A	Diamond™ Floor Finish	Gallon	4
BPR511005-A	Diamond™ Floor Finish	5-Gallon Pail	1

Features

- Extremely durable, long-lasting finish
- Multi-purpose floor finish
- Works on most surfaces with most maintenance methods
- Universally compatible formula
- Meets industry guidelines for slip resistance
- Coverage: 2,500–3,000 square feet per gallon

Diamond™

Floor Finish 20% NV Solids

Diamond™ is a blend of extremely hard, new-generation acrylic terpolymers, thermoplastics, resins and plasticizers designed to provide exceptional durability, gloss and reflection. Diamond Floor Finish achieves levels of hardness and clarity never before available in conventional floor finishes. It builds gloss quickly and responds with unmatched brilliance to burnishing by 1,000- to 3,000-rpm machines. Burnishing is not required to maintain its high gloss and superior appearance level. One finish that is clear, hard, durable, slip resistant and designed to be used with or without burnishing.

Physical Data

Physical form: Milky white liquid
Odor: Sweet
Non-volatile solids: 20% minimum
pH (as is): 8.5 -9.5
Film color: Colorless
Freeze/thaw stability: Excellent
Shelf life: 2 years minimum in unopened container

Performance Data

Dilution ratio: Ready to use
Drying time: 20-30 minutes
Recoat time: 30-40 minutes
Specular gloss (60°): 85° minimum
Slip resistance: Meets ASTM D-2047
Water resistance: Excellent
Detergent resistance: Excellent
Removability: Easy to remove
