WASHROOM CLEANER

Sustainable Earth

By Staples®

**Highly effective washroom cleaner
formulated to combat your
toughest cleaning problems**

PRODUCT DESCRIPTION

Sustainable Earth by Staples® Washroom Cleaner 70 (SEB70) is a safe, versatile, eco-preferable* product that does not sacrifice cleaning performance. It is a concentrated washroom general-purpose cleaner for removal of soap scum, suntan and body oils/lotions, mildew, lime, water scale and rust deposits. Sustainable Earth by Staples® Washroom Cleaner can be safely used daily on porcelain, porcelain enamel, painted surfaces, aluminum or stainless steel without etching or damaging them. Product is designed to be used with Quick Mix® and Handy Mix® dispensing systems.

FEATURES

- Contains no hydrochloric, phosphoric or hydrofluoric acids
- Removes residues caused by calcium, magnesium and rust stains
- Removes soap scum, mineral deposits, body oil residues and sources of odors
- Effective in cold water on both oil- and water-based soils
- Leaves no sticky or soapy residues to attract soils
- Low odor and no lingering or annoying smells
- Meets Green Seal™ GS-37 Performance Requirements
- Exceeds cleaning efficiency percentage of most conventional washroom cleaners when tested using ASTM D5343 Cleaning Performance Test
- One gallon of SEB70 Washroom Cleaner when diluted at 1:128 with cool water makes 129 gallons of ready-to-use washroom cleaner

STAPLES Advantage

Usage Information

It is recommended that the product be used with cold water to help save energy used to heat water.

1. Dispense or mix 1 ounce of SEB70 Washroom Cleaner with each gallon of water.
2. Apply solution to surface to be cleaned.
3. Allow the Washroom Cleaner time to penetrate and disperse the soils.
4. Agitation with a brush or scrubbing pad may speed up the cleaning action.
5. Once soils are loosened, simply wipe away with a cloth or towel.

Wear eye/face protection when handling concentrated product. Read and understand SDS and label directions before use. Always follow good industrial hygiene practices when using chemicals. Improper use or improper dilution could result in damage to cleaning surfaces or to personal health. Dispose of product and container in accordance with all applicable federal, state, regional and local regulations.

Physical Data

Physical Form: Clear, purple liquid

Odor: Citrus

pH Concentrated: 1.5-3.5

pH Diluted (1:128): 3.0-4.0

Foam Level: Low

Concentrated: Reduces package waste

Certification Definitions

This product contains ingredients with more positive health and environmental characteristics than conventional cleaners. epa.gov/saferchoice.

EPA/Safer Choice recognition does not constitute endorsement of this product. The Safer Choice logo signifies that the product's formula, as Staples has represented it to the EPA, contains ingredients with more positive human health and environmental characteristics than conventional products of the same type. EPA/Safer Choice relies solely on Staples, its integrity and good faith, for information on the product's composition, ingredients and attributes. EPA/Safer Choice has not independently identified, that is, via chemical analysis, the ingredients in the product formula, nor evaluated any of Staples' non-ingredient claims. EPA/Safer Choice provides its evaluation only as to the product's human health and environmental characteristics, as specified in the Standard and based on currently available information and scientific understanding.

This product meets Green Seal™ Standard GS-37 based on effective performance, concentrated volume, minimized/recycled packaging and protective limits on: VOCs and human & environmental toxicity. GreenSeal.org.

This product meets applicable NSF Non-food Compound Registration Guidelines for use in non-processing areas of food establishments. www.nsf.com

All plastic containers used in packaging products display the Society of Plastics Industries' 3-side triangular arrow to make recycling easier. The majority of our containers are readily recyclable and classified as 2-HDPE (high-Density Polyethylene) and some contain 25% post-consumer recycled plastic.
