

Powerful carpet extraction and bonnet buffing cleaner formulated to remove your most difficult carpet soils

PRODUCT DESCRIPTION

Sustainable Earth by Staples® Carpet Cleaner (SEB62) is a safe, versatile, eco-preferable* product that does not sacrifice performance. It is a highly concentrated liquid carpet extraction cleaner that dilutes at one-half ounce per gallon of cool water in most cleaning situations. Expensive defoamers are not required. The product has its own built-in defoaming properties that effectively clean carpets with heavy shampoo and alkaline buildups. Formulated to resist resoiling. Product is designed to be used with Quick Mix® and Handy Mix® dispensing systems.

FEATURES

- Highly concentrated to provide maximum savings
- Use as a carpet cleaner, bonnet buffing cleaner or carpet prespray
- Effective on both oil- and water-based carpet soils
- Leaves no sticky or soapy residues to attract soils to carpet fibers
- Versatile formulation cleans carpets and entrance matting while eliminating unwanted odors
- Low odor makes it pleasant to use and reduces local complaints
- Low foaming to prevent recovery tank clogging
- No harsh acids or alkalis, which helps to protect equipment
- Special ingredients provide color enhancement for carpet fibers
- Superior detergency to remove toughest of soil
- Safe on all generations of carpets
- Contains no 2-butoxyethanol
- Contains no alkalis, phenol ethoxylates
- Formulated with rapidly biodegradable surfactants
- Meets Green Seal™ GS-37 performance standards

STAPLES Advantage

Usage Information

SEB62 is formulated to work effectively with cold water. It is recommended that the product be used with cold water to help save energy used to heat water.

1. Remove appropriate furniture and vacuum carpet thoroughly.
2. Prespray carpet spots and heavily soiled traffic lanes using an appropriate carpet prespray, traffic lane cleaner or carpet spotter.
3. Dispense or mix ½ ounce of SEB62 Carpet Cleaner with each gallon of water.
4. Mix or pour solution into extractor or use for bonnet buffing and clean the carpet according to the machine manufacturer's instructions.
5. Reset the pile by brushing in one direction with a carpet rake or carpet brush.
6. Replace furniture after carpet has dried thoroughly.

Wear chemical resistant gloves and safety glasses when handling concentrated product.

Dispose of product and container in accordance with applicable federal, state and local regulations.

Physical Data

Physical Form: Clear, light green liquid

Odor: Citrus

pH Concentrated: 4.0-7.0

pH Diluted (1:256): 6.0-7.0

Foam Level: Low

Coverage: 1,750 up to 3,500 sq. ft. per gallon

Concentrated: Reduces package waste

Shelf Life: 2 years minimum in unopened container

Freeze/Thaw Stability: Excellent

Solubility in Water: Complete

Dilution Ratio: 1:256

(One gallon of concentrated SEB62 Carpet Cleaner makes 257 gallons of ready-to-use high-performance carpet cleaner.)

About Sustainable Earth by Staples®

Our exclusive eco-preferable* line offers great ways to get the products your business needs and to lessen the impact on the environment. Every Sustainable Earth by Staples® product meets our brand's highest environmental standards.

Plus, like all Staples® brand products, the quality is guaranteed. It's a real win-win for you — and the environment.

*Compared to conventional cleaning products.

Certification Definitions

U.S. EPA
Recognized for
Safer Chemistry
www.epa.gov/dfe

The U.S. Environmental Protection Agency's Design for the Environment (DfE) program seeks to promote the use of institutional cleaners and maintenance products with improved environmental and human health characteristics. Products displaying the EPA DfE logo contain ingredients with more positive health and environmental characteristics than conventional cleaners.

This product meets Green Seal™ Standard GS-37 based on effective performance, concentration of product, minimized/recycled packaging, and protective limits on VOCs and human & environmental toxicity. Green Seal is an independent, third-party certification organization. GreenSeal.org.

All plastic containers used in packaging products display the Society of Plastics Industries' 3-side triangular arrow to make recycling easier. The majority of our containers are readily recyclable and classified as 2-HDPE (high-Density Polyethylene) and some contain 25% post-consumer recycled plastic.
