

62 Carpet Cleaner

Powerful carpet extraction and bonnet buffing cleaner formulated to remove your most difficult carpet soils.

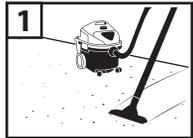

Coastwide Professional™ 62 Carpet Cleaner is a highly concentrated bonnet buffing and extraction carpet cleaner. It is low foaming and formulated to resist re-soiling.

Features

- Highly concentrated to provide maximum savings
- Use as a carpet cleaner, bonnet buffing cleaner or carpet pre-spray
- Effective on both oil- and water-based carpet soils
- Leaves no sticky or soapy residues to attract soils to carpet fibers
- Versatile formulation cleans carpets and entrance matting while eliminating unwanted odors
- Low odor makes it pleasant to use and reduces local complaints
- Low foaming to prevent recovery tank clogging
- No harsh acids or alkalis, which helps to protect equipment
- Superior detergency to remove toughest of soil
- Safe on all generations of carpets
- Contains no 2-butoxyethanol
- Meets EPA Safer Choice product standards

Directions

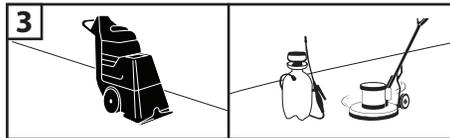

! Test first on inconspicuous area.

1 Vacuum to remove loose debris.

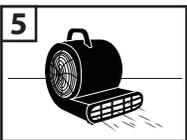

2 Pre-spray soiled areas.

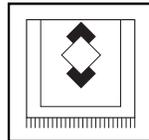

3 Add cleaner to extractor machine or sprayer for floor scrubber.

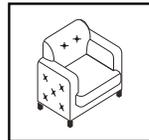

4 Reset pile with carpet rake.

5 Dry with fan if necessary.

This product contains ingredients with more positive health and environmental characteristics than conventional cleaners. Learn more at epa.gov/saferchoice. EPA/Safer Choice recognition does not constitute endorsement of this product. The Safer Choice logo signifies that the product's formula, as Coastwide Professional has represented it to the EPA, contains ingredients with more positive human health and environmental characteristics than conventional products of the same type. EPA/Safer Choice relies solely on Coastwide Professional, its integrity and good faith, for information on the product's composition, ingredients and attributes. EPA/Safer Choice has not independently identified, that is, via chemical analysis, the ingredients in the product formula, nor evaluated any of Coastwide Professional's non-ingredient claims. EPA/Safer Choice provides its evaluation only as to the product's human health and environmental characteristics, as specified in the Standard and based on currently available information and scientific understanding.

All plastic containers used in packaging products display the Society of Plastics Industries' 3-side triangular arrow to make recycling easier. The majority of our containers are readily recyclable and classified as 2-HDPE (High-Density Polyethylene) and some contain 25% post-consumer recycled plastic.
